THE IDOLIS OF THE KING

Story: Khyrunnisa A.
Script: Anomita Guha
Illustrations: Abhijeet Kini

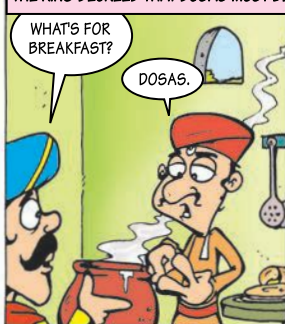

KING RAJENDRARAJAN LOVED DOSAS —

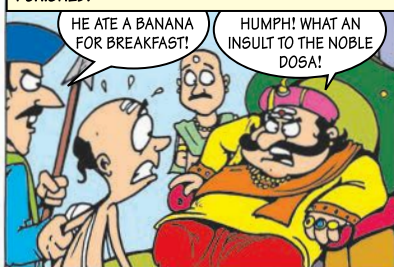

HE EVEN NAMED HIS KINGDOM AFTER THEM.

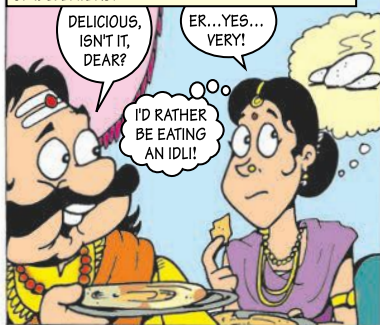

THE KING DECREED THAT DOSAS MUST BE EATEN AT EVERY MEAL.

AND THOSE WHO BROKE THIS RULE WERE SEVERELY PUNISHED.

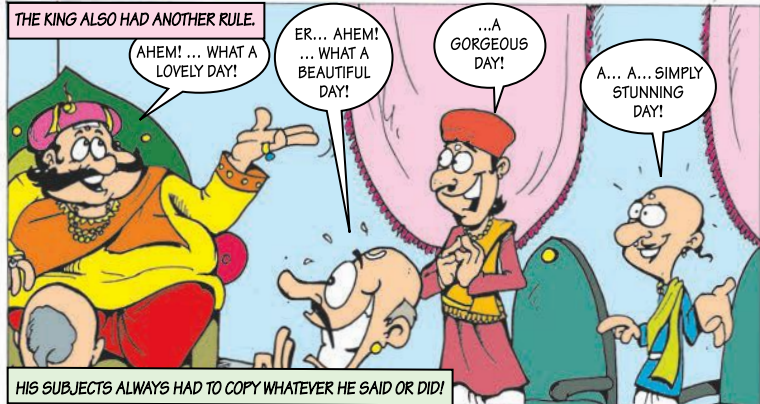

THE QUEEN OF DOSAIPURAM CAME FROM THE LAND OF IDLI EATERS.

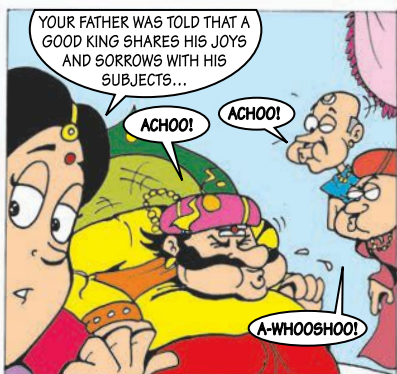

BUT SHE WAS FORCED TO HIDE AWAY HER PRECIOUS IDLI-MAKER.

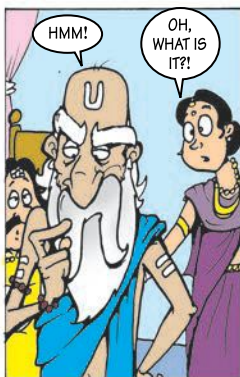

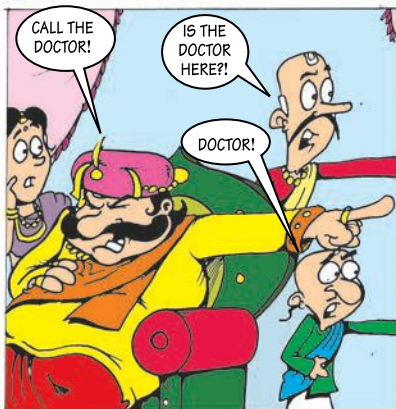

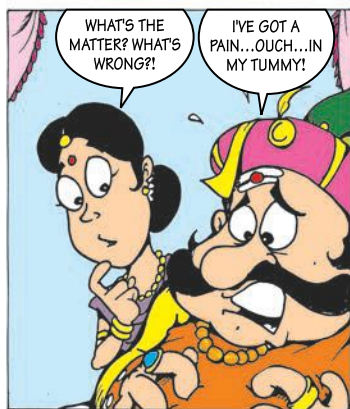

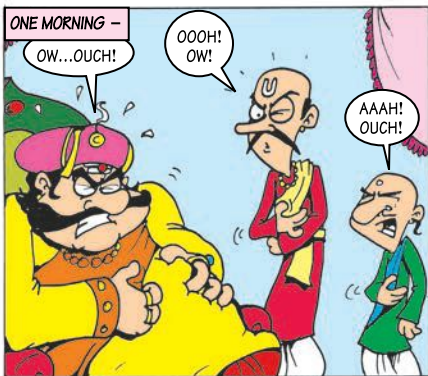

THE KING ALSO HAD ANOTHER RULE.

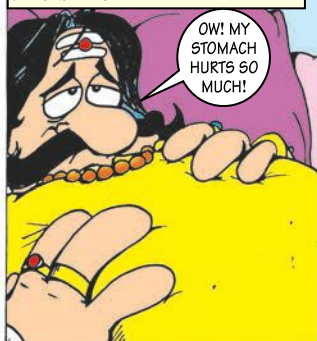

HIS SUBJECTS ALWAYS HAD TO COPY WHATEVER HE SAID OR DID!

THE KING STORMED OFF TO BED, WHERE HE LAY GROANING IN PAIN.

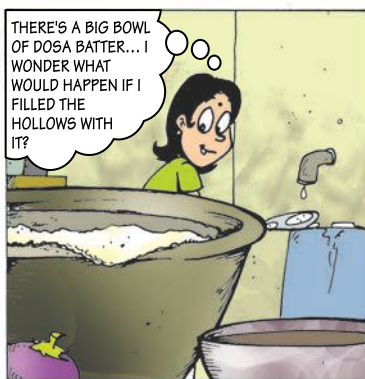

AND THE REST OF THE KINGDOM SOON FOLLOWED SUIT.

THE PRINCESS WAS LEFT TO WANDER AROUND BY HERSELF.

THE PRINCESS QUICKLY HID THE IDLI-MAKER.

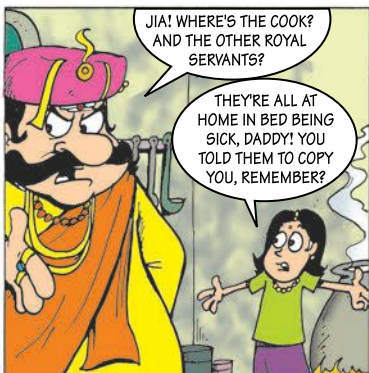

I HOPE HE
DOESN'T LOOK
IN HERE!

I WANT
SOMETHING TO
EAT AT ONCE! IT
MIGHT MAKE THE
PAIN GO AWAY.

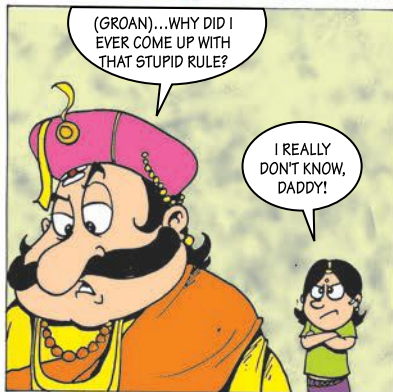

JIA! WHERE'S THE COOK?
AND THE OTHER ROYAL
SERVANTS?

THEY'RE ALL AT
HOME IN BED BEING
SICK, DADDY! YOU
TOLD THEM TO COPY
YOU, REMEMBER?

(GROAN)...WHY DID I
EVER COME UP WITH
THAT STUPID RULE?

I REALLY
DON'T KNOW,
DADDY!

WHAT'S THAT
COOKING ON THE
STOVE?

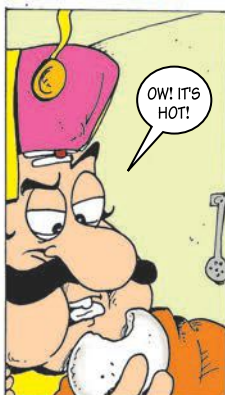

N...N...
NOTHING!

WHAT ARE THESE
FUNNY BLOBBY
THINGS?

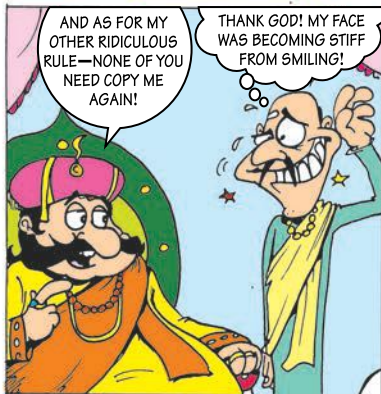

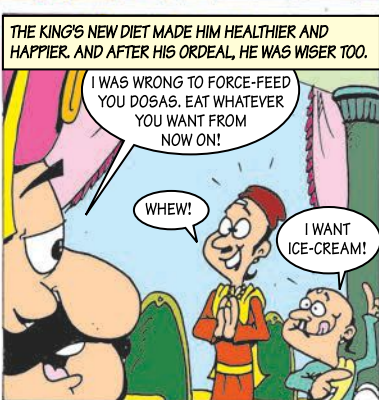

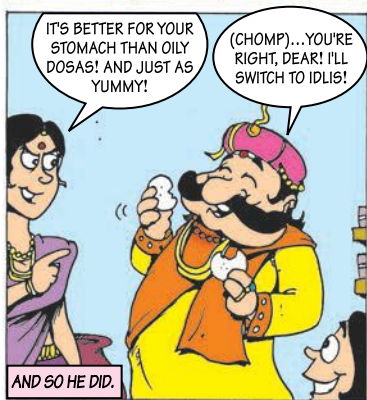

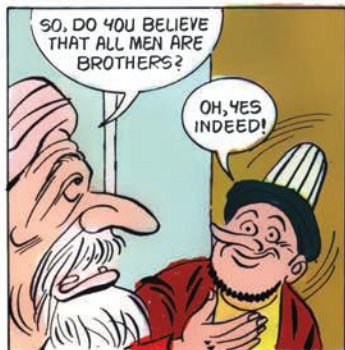

OW! IT'S
HOT!

WHY...THIS IS
TASTY! IT'S
SCRUMPTIOUS!

FORTUNE HELPS THOSE WHO HELP THEMSELVES

Script: Toni Patel
Illustrations:
Ram Waeerkar

THE COURT OF RAJA KETAN ATTRACTED TALENTED YOUNG MEN FROM THE ENTIRE COUNTRY WHO HOPED TO GET EMPLOYMENT IN HIS SERVICE. MADHO PRASAD WAS ONE SUCH. LIKE THE OTHERS HE TOO, HURRIED TO DO THE KING LITTLE SERVICES...

...OR LAUGHED AS LOUDLY AS THE REST AT THE KING'S SMALLEST JOES.

BUT THE KING DID NOT GIVE HIM ANY WORK.

ONE DAY, A BAKER OFFERED HIM A JOB AND MADHO PRASAD ACCEPTED IT.

SO ALL DAY HE WOULD SIT AT THE BAKER'S, GRINDING WHEAT...

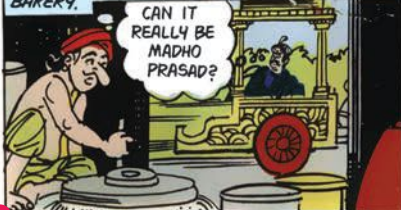

...AND IN THE EVENING HE WOULD ATTEND THE KING'S COURT AS USUAL.

WHO KNOWS? FORTUNE MAY STILL SMILE ON ME SOMEDAY!

ONE DAY, AS THE KING WAS DRIVING OUT IN HIS CHARIOT, HE HAPPENED TO PASS THE BAKERY.

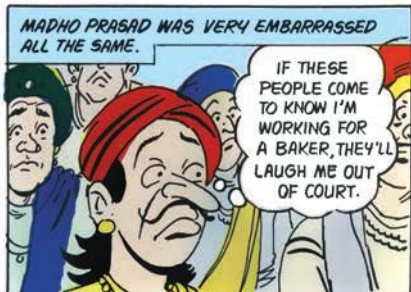

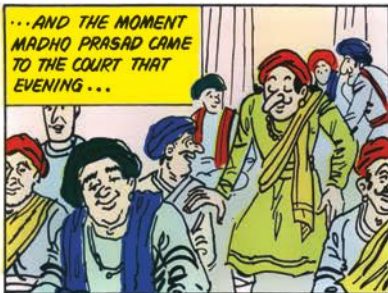

CAN IT REALLY BE MADHO PRASAD?

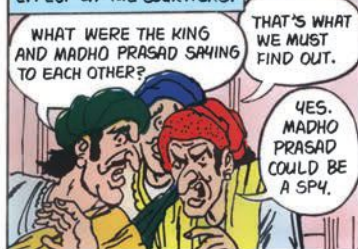

WHAT ON EARTH IS HE WORKING THERE FOR?

THE KING'S CURIOSITY WAS AROUSED...

* AN ANNA WAS THE SIXTEENTH PART OF A RUPEE.

BUT THE MIMED DIALOGUE HAD A STRANGE EFFECT ON THE COURTIERERS.

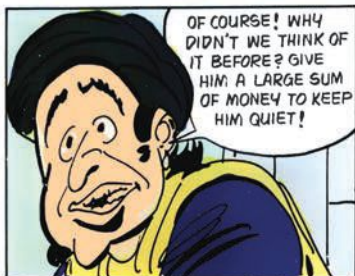

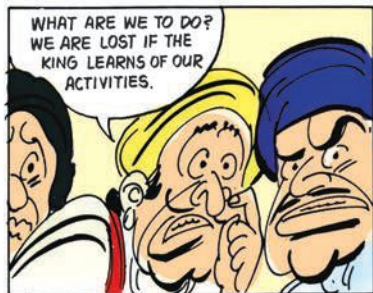

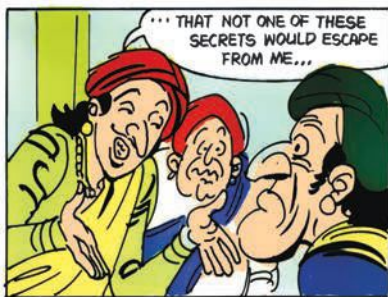

SO FROM THE NEXT DAY ONWARDS—

BUT FINALLY ONE OF THEM DARED TO ASK THE QUESTION THAT WAS UPPERMOST IN ALL THEIR MINDS—

EACH ONE CONTRIBUTED GENEROUSLY—

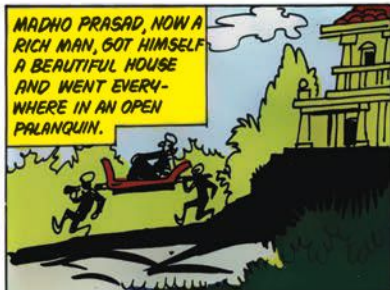

AND A HEAVY PURSE FILLED WITH GOLD COINS WAS PRESENTED TO MADHO PRASAD.

ACCEPT THIS, MADHO PRASAD, AS A TOKEN OF OUR RESPECT!

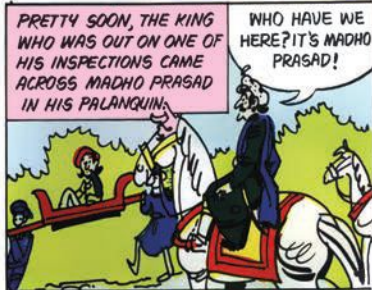

MADHO PRASAD, NOW A RICH MAN, GOT HIMSELF A BEAUTIFUL HOUSE AND WENT EVERYWHERE IN AN OPEN PALANQUIN.

PRETTY SOON, THE KING WHO WAS OUT ON ONE OF HIS INSPECTIONS CAME ACROSS MADHO PRASAD IN HIS PALANQUIN.

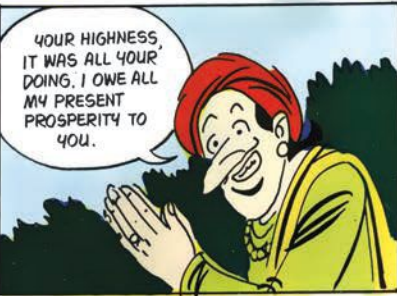

WHO HAVE WE HERE? IT'S MADHO PRASAD!

WHAT A STRANGE MAN YOU ARE. ONE DAY I SEE YOU GRINDING CORN FOR A LIVELIHOOD. THE NEXT, I SEE YOU BORNE ABOUT ON A PALANQUIN. HOW DID YOU MANAGE TO BECOME RICH SO SUDDENLY?

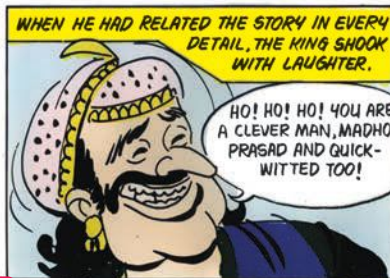

YOUR HIGHNESS, IT WAS ALL YOUR DOING. I OWE ALL MY PRESENT PROSPERITY TO YOU.

WHEN HE HAD RELATED THE STORY IN EVERY DETAIL, THE KING SHOOK WITH LAUGHTER.

HO! HO! HO! YOU ARE A CLEVER MAN, MADHO PRASAD AND QUICK-WITTED TOO!

YOU SHALL BE MY MINISTER OF STATE, THEN MY COURTIER WILL REALLY HAVE SOMETHING TO WORRY ABOUT!

JILLY SEAL LIVED IN A SEAL COLONY IN THE ARCTIC OCEAN.

ONE DAY, A TOURIST BOAT SAILED UP.

OOOH! LOOK AT THOSE SEALS.

HOW CUTE!

THE SEA CREATURES DID NOT TRUST HUMANS.

HIDE BEHIND ME, DEAR.

(SQUAWK!) THESE HUMANS ARE PESTS!

GET BELOW, CHILDREN.

IT WAS THE FIRST TIME THAT JILLY WAS SEEING HUMANS.

THEY SEEM TO BE HAVING A GOOD TIME! I'D LIKE TO BE A HUMAN TOO.

SO WHEN JANOO AND WOOLY WOO CAME ON A VISIT—

JANOO, PLEASE TURN ME INTO A HUMAN. JUST FOR A DAY, PLEASE.

NO...NO...THAT WOULD BE TOO DANGEROUS.

BUT JILLY PLEADED...

PLEASE, JANOO,
I CAN FACE ANY
DANGER!

...AND PLEADED...

IT'S JUST FOR
A DAY!

...TILL -

ALL RIGHT, YOU CAN BE
A HUMAN BEING BUT
YOU WILL SPEAK AND
EAT LIKE A SEAL.

THAT'S FINE. I DON'T
CARE! I ONLY WANT TO
EXPLORE THE WORLD
ON TWO LEGS.

GO AHEAD, JANOO.
SHE REALLY
WANTS IT.

JANOO
WAS
NOT
HAPPY,
BUT -

TUK-TUK TERRY
A DREAM TO FERRY,
HEXA TURN THE HOST
INTO WHAT SHE WANTS MOST!

IN SECONDS, JILLY TURNED INTO AN EIGHT-YEAR-OLD GIRL.

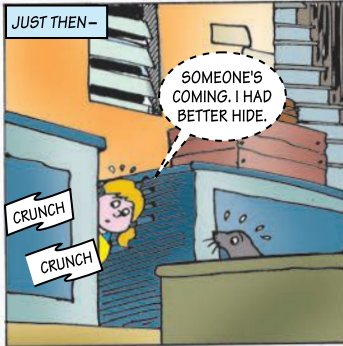

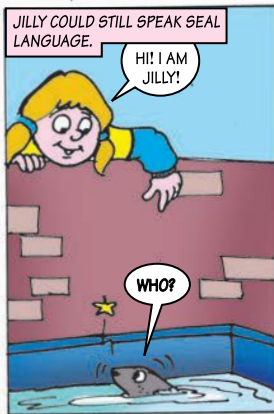

WOW!

NOW LISTEN, JILLY. YOU CAN BE
HUMAN FOR THREE HOURS.
YOU WILL NOT BE ABLE TO TALK
BUT YOU WILL UNDERSTAND
THE HUMAN LANGUAGE.

I'LL TAKE YOU TO A
HUMAN HABITATION.
DON'T EAT THEIR
FOOD.

OKAY,
OKAY!

JANOO TOOK JILLY TO THE NEAREST SEASIDE TOWN.

TWO MEN
CAME IN.
THEY WERE
BUDDY AND
JAMIE.

THANKS FOR KEEPING
THE SEAL PUP, BUDDY.
IT'S GOING TO FETCH
US A HANDSOME
PRICE!

YOU'VE FOUND
A CUSTOMER?

YES! AN AGENT FOR A COUPLE
OF SKINNERS. THEY WANT THE
PUP ALIVE. IF ITS PELT IS GOOD,
THEY WILL SKIN IT. IF NOT, IT
GOES TO A TRAINING PARK
TO TRAIN FOR SEAL
SHOWS.

THE SKINNERS WILL COME
AT MIDNIGHT...

SKINNERS!
THIS POOR
BABY WILL BE
SKINNED AND
HIS PELT
SOLD!

I AM
HUNGRY.

WAIT,
I'LL GET
YOU SOME
FOOD.

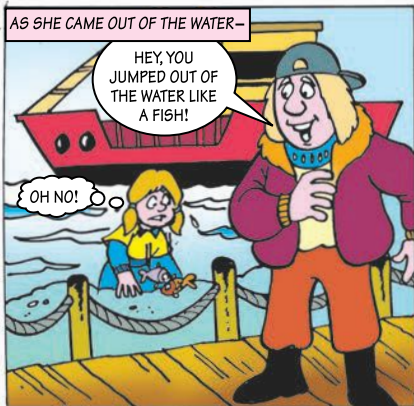

JILLY RAN TO THE
SEA AND DIVED IN.

JUST
WHAT I
NEED.

SNAP

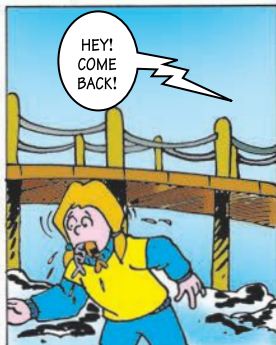

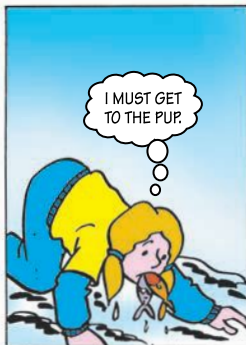

SNAP

AS SHE CAME OUT OF THE WATER—

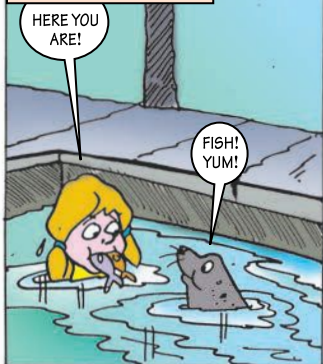

JAMIE TURNED TO SHOUT TO HIS PAL.

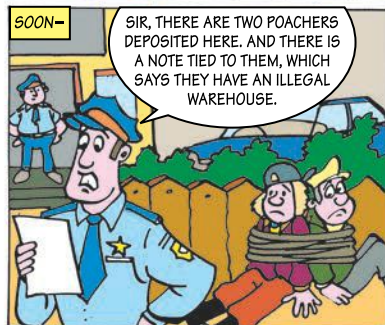

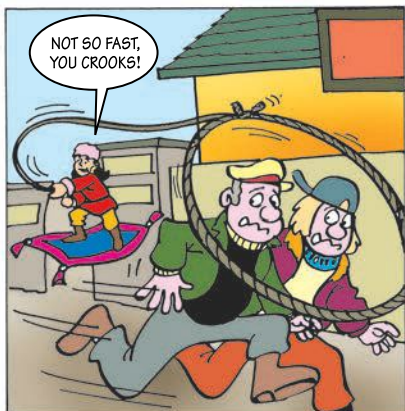

BUDDY, SEE WHAT I HAVE HERE!

JILLY JUMPED INTO THE TANK.

SING A SONG OF SIXPENCE

Sing a song of sixpence,
A pocket full of rye.
Four and twenty blackbirds,
Baked in a pie.
When the pie was opened,
The birds began to sing;
Wasn't that a dainty dish,
To set before the king?
The king was in his counting house,
Counting out his money;
The queen was in the parlour,
Eating bread and honey.
The maid was in the garden,
Hanging out the clothes;
When down came a blackbird
And pecked off her nose.

THAT'S HOW THE FAMOUS NURSERY RHYME ENDED. OR DID IT REALLY...?

POOR MAID... HAVING
HER NOSE PLUCKED
OFF LIKE...

HEY! MY
MONEY!

ROBBER, THIEF,
SCOUNDREL!
GUARDS, GUARDS!

SOMETIME LATER—

TELL ME, SIRE, IS
THERE ANYONE **YOU**
SUSPECT?

SUSPECT! HOW CAN
I SUSPECT ANYONE?
ALL I GOT A LOOK AT
WAS A GLOVE!

HMMM... WAS
ANYONE ELSE IN THE
ROOM WHEN YOU
SAW THE THIEF...ER
GLOVE?

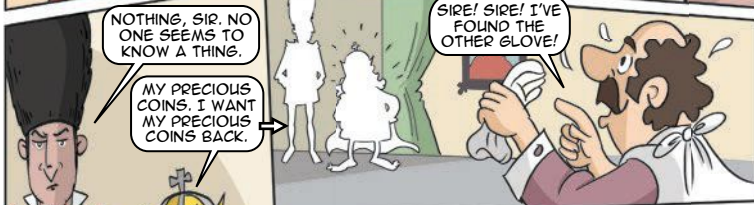

NO ONE. I LIKE TO
BE ALONE WHEN
I'M COUNTING MY
MONEY.

YOUR MAJESTY, WE WILL
QUESTION EVERYONE WHO
LIVES IN THE PALACE.

I WANT
EVERYONE
QUESTIONED IN
THIS VERY ROOM.

AND SO THE GENERAL SUMMONED EVERYONE IN THE PALACE TO THE COUNTING HOUSE, FOR INTERROGATION.

WHAT MAKES THE GENERAL BELIEVE THAT IT IS THE CHEF AND NOT THE MAID WHO IS BEHIND THE THEFT?

ANSWER, THE GENERAL WAS CERTAIN THAT THE CHEF WAS BEHIND THE THEFT SINCE HE CLAIMED TO HAVE FOUND THE 'OTHER' GLOVE WHEN HE SHOULD NOT HAVE KNOWN ABOUT IT. ONLY THE KING AND THE THIEF WOULD HAVE KNOWN ABOUT IT.

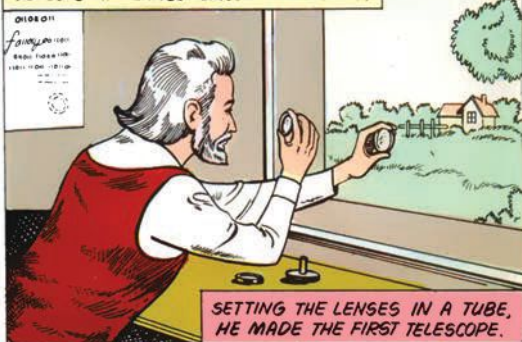

TELESCOPES

Luis M. Fernandes

AROUND 1600 A DUTCHMAN NAMED HANS LIPPERSHEY, HELD TWO LENSES A CERTAIN DISTANCE APART, LOOKED THROUGH THEM AND FOUND THAT DISTANT OBJECTS APPEARED LARGE AND CLEAR.

GALILEO, A PROFESSOR OF SCIENCE AT AN ITALIAN UNIVERSITY, HEARD OF THE TELESCOPE.

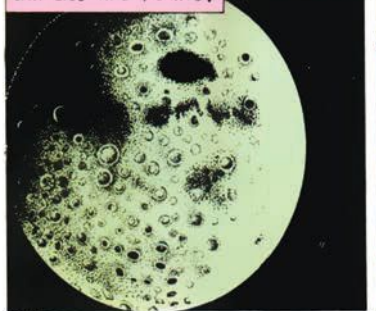

AND MADE SEVERAL OF HIS OWN.

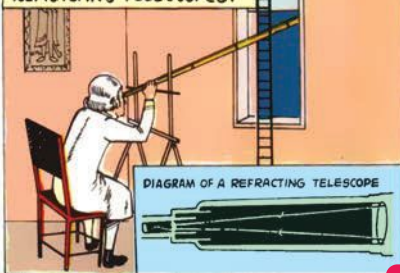

IN THOSE DAYS PEOPLE THOUGHT THAT THE MOON WAS A SMOOTH SHINING BALL. GALILEO, ONE DAY LOOKED AT IT THROUGH HIS TELESCOPE AND HAD A GREAT SURPRISE. HE SAW THAT...

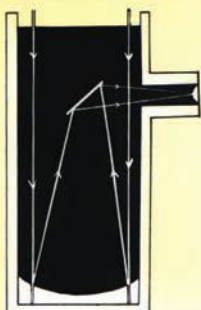

...THE MOON WAS NOT A SMOOTH SHINING BALL. IT HAD MOUNTAINS AND CRATERS AND PLAINS!

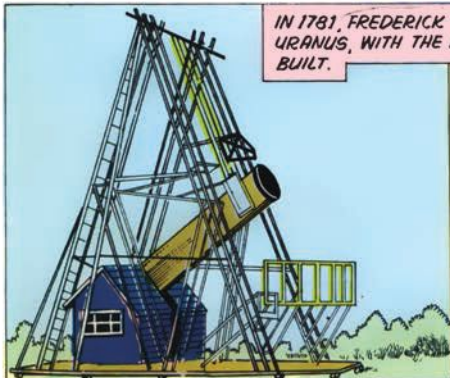

SOON EVERY ASTRONOMER HAD A TELESCOPE. AT FIRST THE TELESCOPES WERE ALL MADE WITH TWO SMALL LENSES. TELESCOPES MADE OF LENSES ARE CALLED REFRACTING TELESCOPES.

LATER, THE ENGLISH SCIENTIST, ISAAC NEWTON (1642-1727) MADE A DIFFERENT TYPE OF TELESCOPE. HE USED MIRRORS INSTEAD OF LENSES, SUCH TELESCOPES ARE CALLED REFLECTING TELESCOPES.

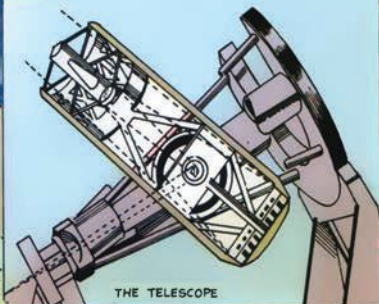

IN 1781, FREDERICK HERSCHEL DISCOVERED THE PLANET, URANUS, WITH THE HELP OF THIS TELESCOPE WHICH HE BUILT.

ONE OF THE LARGEST REFLECTING TELESCOPE IS THE HALE TELESCOPE IN THE OBSERVATORY ON MT. PALOMAR, IN CALIFORNIA.

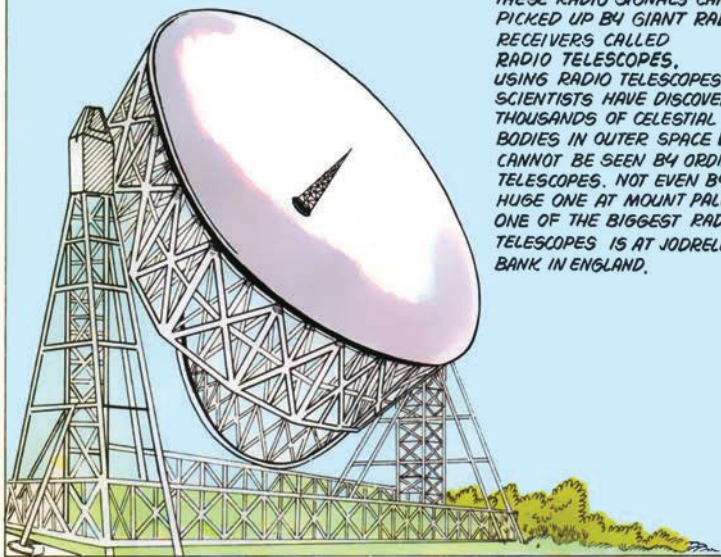

THE OBSERVATORY

THE TELESCOPE

RADIO TELESCOPES

BROADCASTING STATIONS ARE NOT THE ONLY ONES SENDING OUT RADIO WAVES. PLANETS, STARS AND OTHER CELESTIAL BODIES TOO EMIT RADIO WAVES. THESE RADIO SIGNALS CAN BE PICKED UP BY GIANT RADIO RECEIVERS CALLED RADIO TELESCOPES. USING RADIO TELESCOPES, SCIENTISTS HAVE DISCOVERED THOUSANDS OF CELESTIAL BODIES IN OUTER SPACE WHICH CANNOT BE SEEN BY ORDINARY TELESCOPES. NOT EVEN BY THE HUGE ONE AT MOUNT PALDMAR! ONE OF THE BIGGEST RADIO TELESCOPES IS AT JODRELL BANK IN ENGLAND.

MOST RADIO TELESCOPES HAVE BIG DISH-SHAPED ANTENNAS, BUT THE ONE AT OOTACAMUND IN THE NILGIRIS (IN TAMIL NADU) IS DIFFERENT IN DESIGN. THE OOTY RADIO TELESCOPE IS ONE OF THE MOST POWERFUL IN THE WORLD. THE GATHERING POWER OF THIS TELESCOPE IS FOUR TIMES THAT OF THE JODRELL BANK DISH.

JUST THEN, RAJU AND MONA ENTERED THE ROOM AND SAW THE MESS.

...AND THEY QUICKLY ROLLED UP THE WOOL AND TOOK THE SLIPPERS AWAY TO BE REPAIRED SECRETLY...

...WHILE THE FROLIC SOME FOUR TOOK SAFETY IN THE WOOD-AND-COAL BIN IN THE GARDEN.

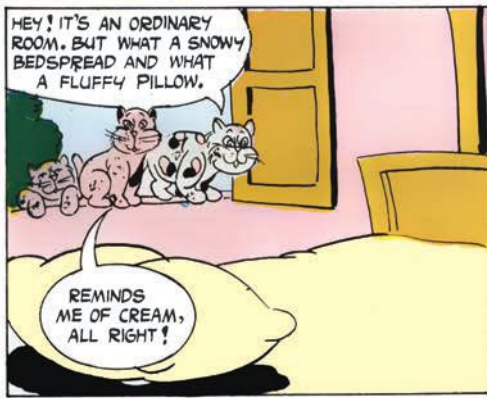

THEN THEY SLOWLY EMERGED AND CAREFULLY INSPECTED THE TERRITORY.

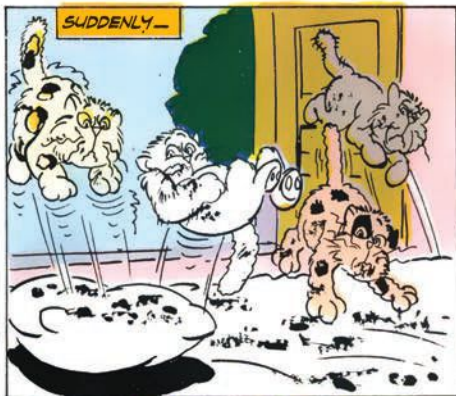

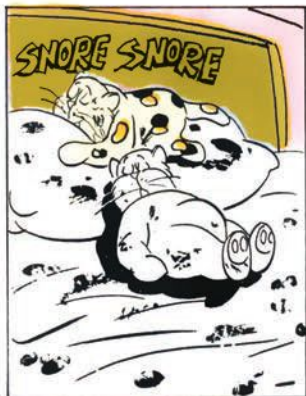

THEN—

CHALO, NIKLO, BHAAGO-LOOK! THAT WINDOW!

CHALO! NIKLO! HATO!

MEET THE TOUCAN

ILLUSTRATIONS : PRADEEP SATHE

The toucan is found in Central and South America. It has a heavy body and a long bulky colorful bill.

You may think its bill is heavy. But it is not. It is made of a horny outer layer supported by a network of bony filaments. This makes its bill extremely light, but very strong

Nobody knows why its bill is so huge. But it comes in handy when the bird has to reach for fruit. Besides fruits, toucans eat insects, nestlings and occasionally, lizards.

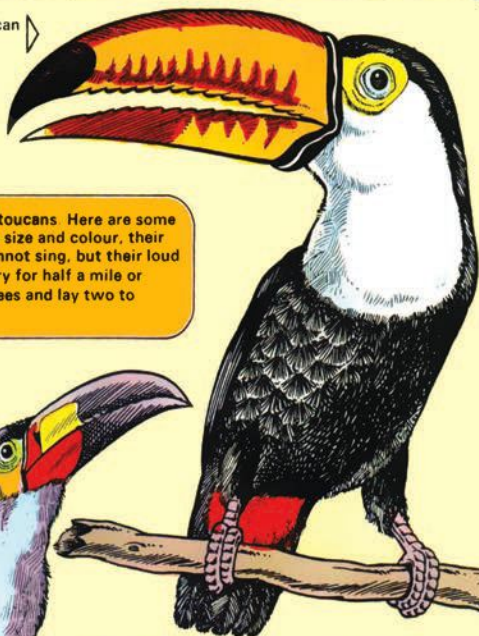

The huge bill may also frighten away birds of prey and smaller birds whose nests the toucan wants to rob.

The toucan's large colourful bill attracts attention. So the bird takes care to hide it when it goes to sleep. It places the bill on its back and covers it with its drab tail. A sleeping toucan looks like a ball of feathers.

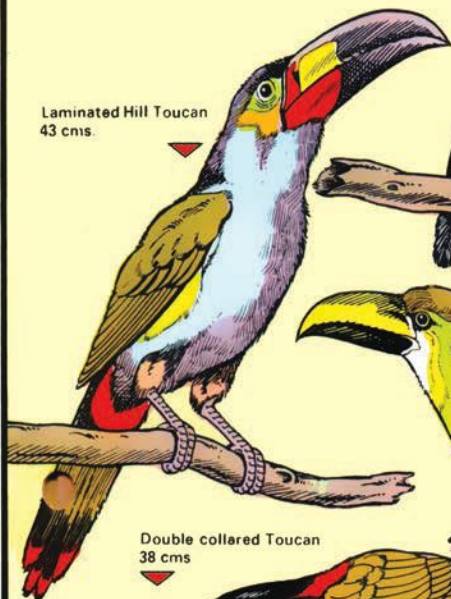

Toco Toucan
63 cms.

There are several species of toucans. Here are some of them. Though they vary in size and colour, their habits are the same. They cannot sing, but their loud croaks and harsh sounds carry for half a mile or more. They nest in hollow trees and lay two to four eggs.

Laminated Hill Toucan

Snow Surprise!

I had gone with my family to Manali during winter. We were wearing fur coats, gloves and gumboots so we could play in the snow. My sister Mani and I began to throw snowballs at each other and at the other tourists. After a while, I realised that I couldn't move. Mani called my parents and I was carried back to the cottage. Mani had filled snow in my gumboots while I was busy throwing snowballs. My feet had frozen and become numb. But after rubbing some warm oil on my feet and covering myself with a blanket, I was ready to play in the snow again!

Ghost Story

When I was in the third standard, I used to tell my friends ghost stories and scare them. One day, I went to the theatre to watch a film. I was enjoying myself, until a ghost suddenly made an appearance in the film. Seeing it, I became so scared that I stood up and started shouting. After that, everyone in the theatre laughed at me!

Silly Scare

My sister and I had gone to a nearby park to play one evening. No one else was there in the park besides the two of us. As we were playing, an old man started walking towards us. As he came closer, the lights in the park went off. We felt afraid and ran off but when we looked back, we saw that the man was none other than our own grandfather!

Panic Attack

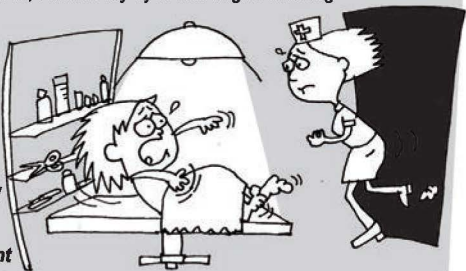

I once had to be operated on in the hospital. I didn't mind having the operation but I was scared of taking the anaesthetic (a drug given to produce unconsciousness) before it. Everyone consoled me by saying that I would be unconscious within a few seconds of taking it. I was taken to the operation theatre and a long tube connected to a bottle of liquid was fixed to my hand.

Thinking that this was the anaesthetic, I closed my eyes and began counting the seconds. I counted till fifty.

Then I opened my eyes slowly and to my horror, found that I was still conscious!

Panic-stricken, I screamed at the top of my voice. When the doctor rushed in, I told him that the anaesthetic hadn't worked! He burst out laughing and said the bottle with the tube was simply an IV (intravenous) drip – and not the anaesthetic!

Lucky Loss

My friend Aswathy borrowed my Hindi notebook the day before the Hindi exam. I forgot to take it back from her. At home, when I found that it was missing, I learned all my Hindi grammar from my textbook. When I sat for my exam the next day, I saw that the paper included grammar questions from the textbook, which were not covered in my notes. If I had kept my notes, I would have only studied from them and would not have been able to answer the questions. Not having them turned out to be lucky for me after all!

ACTIVITY

Go Fishing!

What you need:

2 small magnets, 7 safety pins/metal paper clips, 2 pencils/thin sticks, sticky tape, cardboard, 2 long pieces of string, scissors, felt pen, a large bowl, blue cellophane paper and glue.

How to go about it:

1. Draw the shape of a fish on the cardboard.
2. Cut out the fish with your scissors.
3. Using the first fish as a sample pattern, cut out six other shapes.
4. Colour your fish with your crayons, using the brightest colours you have.
5. Write a different number from 1-7 on each of the fish with a felt pen.
6. Glue on a safety pin or attach a paper clip to each fish.
7. Tie the magnet to one end of the string.
8. Tie the other end of the string to a pencil or a thin stick. Your fishing rod is now ready. Make two such fishing rods.
9. Put all the fish in a big glass bowl. Cover the bowl with blue cellophane paper.
10. Cut big holes in the cellophane paper so that you can put your rod inside and pick up fish with the magnet.

A Fishing Game

Each player should take turns to catch the fish. When the bowl is empty, add up the numbers on the fish that each person has caught. Whoever has the highest number, wins!

Draw an eye, a head and a fin on each shape you've cut out.

TINKLE TELLS YOU WHY

Mountain climbers suffer from nosebleeds when they ascend mountains but our noses do not bleed when we go higher than that in an aeroplane. Why is that?

- Vicky Antao

In an aeroplane, the temperature and air pressure are controlled so that even if the aeroplane rises to great heights, it does not affect us. But while climbing a mountain, the difference between the air pressure outside and in the blood vessels may cause a small blood vessel in the nose to burst, causing a nosebleed.

Are deserts essential?

- Nayanika Bharadwaj

It is inevitable that deserts form on earth, given the climatic conditions and natural processes that the planet is subjected to. Deserts are useful to mankind as they provide minerals that are rare elsewhere, and fruits such as dates, but they are not essential to human existence as such. However, to plants, animals and humans adapted to desert conditions, the desert is a life-giver, and it means everything to them. Here is a chant of the Navajo Indians who live in the Navajo Desert in North America.

*Beauty is before me,
And beauty behind me
Above and below me
hovers the beautiful
I am surrounded by it
I am immersed in it
In my youth
I'm aware of it.
And in my old age
I shall walk quietly
The beautiful trail.*

How do aeroplanes turn while flying?

- Srivas Ranganathan

A plane is turned by increasing the lift on one wing or the other. For example, the right aileron (a swinging part at the rear edge of the wing) is raised to turn the plane to the right and the left aileron is raised for the left turn. At the same time, the rudder at the tail of the plane is turned

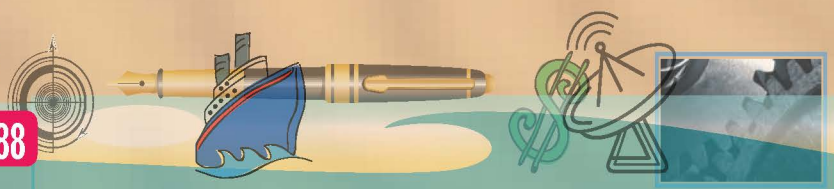

right or left to aid the turn and to keep the plane's nose steady. But when a plane turns, the amount of lift opposing the force of gravity is reduced, resulting in loss of altitude. To prevent this, the nose is raised and the throttle is pushed forward to increase the engine power.

We are able to digest our food when we are in erect posture. But will we be able to digest our food if we are upside down?

- Syed Luice Islam

Yes, we can swallow and digest food even if we are upside down. When we swallow food, it doesn't drop down the oesophagus (gullet) into the stomach. It is moved down by circular muscles in the walls of the oesophagus. The muscles contract and expand in a wave-like sequence from top to bottom to force the food towards the stomach. So we can eat and drink even while standing on our head. When the food reaches the stomach, a one-way valve normally prevents it from flowing back into the oesophagus.

NOW YOU CAN'T MAKE ME EAT FOOD, MA! IT'LL NEVER GO INTO MY STOMACH!

THE SHELLS YOU FIND ON THE SEA-SHORE ONCE
ENCASED LIVING CREATURES WITH VERY SOFT BODIES.

THE PEARL OYSTER IS ONE SUCH SOFT-BODIED CREATURE. IT
IS PROTECTED BY TWO HALVES OF A SHELL JOINED
TOGETHER AT ONE END.

WATER FLOWS IN AND
OUT OF THE PARTLY
OPEN SHELL, BRINGING
IN OXYGEN AND
CARRYING AWAY WASTES.

DURING THIS PROCESS A
GRAIN OF SAND SOMETIMES
GETS LODGED INSIDE THE SHELL.
THIS IRRITATES THE SOFT BODY
OF THE OYSTER, SO THE OYSTER
COATS THE GRAIN OF SAND WITH
LAYER UPON LAYER OF A
SUBSTANCE CALLED NACRE.

THE BALL OF
NACRE FORMED AS
A RESULT IS CALLED
A PEARL.

PEARLS ARE
ONE OF THE
MOST COSTLY
GEMS IN THE
WORLD.

DIVING FOR PEARLS HAS BEEN ONE OF MAN'S OLDEST OCCUPATIONS. THE DIVER HOLDS ON TO A ROPE AND THE ROCK IS LOWERED TO THE BOTTOM OF THE SEA. THIS HELPS THE DIVER TO GO DOWN QUICKLY AND SAVE HIS BREATH.

HE CAN HOLD HIS BREATH FOR ONLY ABOUT TWO MINUTES. SO HE HAS TO WORK VERY FAST. HE CUTS THE OYSTERS AWAY FROM THEIR BEDS...

...STUFFS THEM INTO A POUCH HE CARRIES...

...AND SWIMS UP TO THE SURFACE.

ON SHORE THE PEARLS ARE TAKEN OUT OF THE OYSTERS AND THEY ARE CLEANED AND VARNISHED. ONLY A FEW OF THE OYSTERS WILL CONTAIN PEARLS BECAUSE AS WE HAVE SEEN, SOME OUTSIDE MATTER HAS TO GO INTO THE OYSTER FOR IT TO FORM A PEARL.

MODERN PEARL-DIVERS HAVE SPECIAL SUITS WITH OXYGEN MASKS THAT ENABLE THEM TO STAY UNDER WATER LONGER.

OYSTERS CAN BE MADE TO FORM PEARLS BY TAKING THEM OUT OF THE SEA, PLANTING A BIT OF NACRE OR SOME OTHER SUBSTANCE INTO THEIR BODIES AND PUTTING THEM BACK INTO THE SEA. PEARLS GOT IN THIS WAY ARE CALLED CULTURED PEARLS. MANY

PEOPLE THINK THAT CULTURED PEARLS ARE ARTIFICIAL PEARLS. BUT IT IS NOT SO. ARTIFICIAL PEARLS ARE JUST BEADS COATED WITH A PEARLY SUBSTANCE.

THESE MEN ARE PEARL FARMERS. THEY GET CULTURED PEARLS FROM THE OYSTERS THEY REAR.

THE MOST VALUABLE PEARLS ARE BLACK PEARLS. OYSTERS WHICH PRODUCE THESE PEARLS ARE FOUND MAINLY IN THE GULF OF MEXICO AND THE SOUTH SEAS.

The Schools of Cool

If you think your school is cool, wait till you read about these!

Go Free!

What if your school had no timetable? What if there were no lectures? What if teachers were only around to help you play? And most importantly, what if there were no tests? Impossible, you say? Not really. Because the Brooklyn Free School in USA has it all!

Students of this school are allowed to set their own independent studies. This could mean anything from reading what they want to read, to playing games they want to play, or even going out to check out restaurants, if they want to.

The mission of the Brooklyn Free School is to allow each child to find their own way and learn the way they want to. This means that it becomes the responsibility of students to take charge of their own education. So, if you were a student there, what would your schedule be?

The wind is perfect for a surprise test today!

Learning, Ahoy!

Bangladesh is infamous for its floods. But it will take more than a flood to disrupt studies there because it has schools that can float on water! Incredible, right?

During floods, school boats are operated. These boats first function as school buses, picking up children from where they live. And then, in the cabins on the boats, lessons are conducted. These cabins have waterproofed roofs fitted with solar panels that generate electricity. The boats also have benches, libraries and laptops to make sure that students don't miss out on anything.

Get Christmas Certified!

Do you dream of being Santa Claus? Or maybe one of his helpers? You're not alone! There are actually schools run for people just like you!

The Charles W. Howard Santa Claus School in Michigan, USA is as good as it gets. It was established in 1937 by its namesake, a man who was famous for playing Santa in department stores and parades. Today, the school is the oldest continuously-run Santa school in the world. It teaches its students about the history of Santa Claus, his dress code, Santa's correct etiquette, and of course, reindeer habits and flying lessons. Wheeee!

If that weren't enough, Iceland is home to Elf school, a place for people who believe in elves and want to know more about them. But the education doesn't just end there. Students of Elf school also study gnomes, dwarfs, fairies, trolls, and other magical beings. They learn about folklore, about places where magical creatures live and about people who have claimed to meet these beings.

THE MONTH OF APRIL WAS A BUSY TIME FOR VIDYAMANDIR PUBLIC SCHOOL.

NOT ONLY DID ITS CRICKET TEAM QUALIFY FOR THE FINALS...

GREAT SHOT, ANAND! BEAUTIFUL TECHNIQUE.

ANAND, I'M WORRIED YOU'RE TAKING ON TOO MUCH, WHAT WITH THE MATCH AND YOU ACTING IN A PLAY ON THE SAME DAY.

DON'T WORRY, COACH. I'VE GOT IT COVERED.

SO ANAND, HOW'S IT WORKING OUT WITH AMMU?

SHE'S OKAY. LET'S ALL REMEMBER, IT'S **ME** DOING DOUBLE DUTY ON THE FIELD AND ON STAGE THAT DAY, **NOT** HER!

...BUT THE DRAMA CLUB WAS ALSO PREPARING FOR ITS YEAR END SHOWCASE...

NO, NO, AMMU. YOU NEED TO BE LOUDER.

YOU'RE DOING BEAUTIFULLY, AMMU. NOW IF ONLY YOU AND ANAND WOULD GET ALONG!

DON'T WORRY, MA'AM. THIS PLAY IS BIGGER THAN OUR RIVALRY, THAT MUCH I CAN ASSURE YOU.

DID YOU REALLY MEAN THAT? IS THE PLAY REALLY BIGGER THAN OUR RIVALRY WITH ANAND?

OUR RIVALRY IS MEDIOCRE AT BEST. THIS PLAY, HOWEVER, IS MY GATEWAY TO STARDOM.

HOWEVER, THE NEXT DAY—

WHAT HAPPENED TO YOUR HAIR, AMMU? DID RATS GNAW IT?

WHY DID YOU CUT YOUR HAIR, AMMU?

I DIDN'T. I WAS HELPING MY MUM IN THE KITCHEN WHEN IT CAUGHT FIRE. BY THE TIME THE FIRE HAD BEEN PUT OUT, THE DAMAGE WAS ALREADY DONE.

I GUESS THAT MEANS AMMU ISN'T GOING TO STAR IN THE PLAY. SO MUCH FOR RIVALRY.

HAHA! YEAH, SO MUCH FOR THAT.

AND SURE ENOUGH, ANAND'S FRIENDS WERE RIGHT—

I'M SORRY, AMMU, BUT OUR LEADING LADY NEEDS LONG HAIR. WITH YOUR SHORT HAIR, IT WOULDN'T LOOK RIGHT.

I GUESS THAT SEALS IT.

YEAH, IT'S SAD TOO. AMMU WAS THE CLOSEST THING TO COMPETITION I HAD IN THIS PLACE.

HOWEVER, AMMU, I STILL WANT YOU HERE AS MY ASST. DIRECTOR. YOU WILL AGREE, YES?

SURE, MA'AM. I'LL GLADLY HELP IN ANY WAY I CAN.

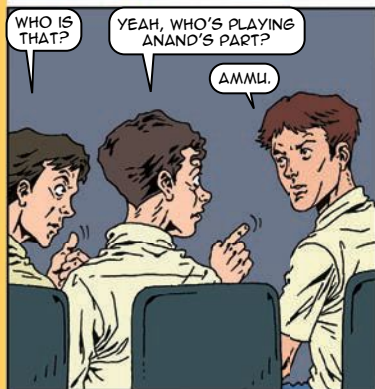

*SOMEBODY WHO LEARNS AN ACTORS PART SO THAT HE/SHE MAY REPLACE THE REGULAR ACTOR IN CASE OF EMERGENCY

THAT'S ANAND! WHAT IS HE DOING HERE?

YEAH, IF HE'S HERE, WHO'S ON STAGE?

WHO IS THAT?

YEAH, WHO'S PLAYING ANAND'S PART?

AMMU.

GOOD LUCK. DON'T BREAK A LEG, WE'VE HAD ENOUGH OF THAT TODAY!

OH, FAIR MAIDEN, LET DOWN YOUR HAIR SO I MAY SCALE THIS TREACHEROUS TOWER...

SHE'S AMAZING. SHE CAME TO THE PLAY'S RESCUE AND MINE.

LATER THAT NIGHT—

AMMU YOU WERE INCREDIBLE, YOU SET THE STAGE ON FIRE.

THANK YOU, ANAND. THANKFULLY, THIS TIME IT WAS ONLY THE STAGE AND NOT MY HAIR!

AND THE CURTAIN FELL ON THEIR RIVALRY FOR GOOD.
